H-ISAC PRODUCTS & SERVICES

H-ISAC would like to announce the upcoming launch of the Products and Services (P&S) Roadmap. This roadmap represents the focus for H-ISAC products and services over an 18 month period, beginning January 1, 2020.

The roadmap is designed to provide transparency into the efforts to add and evolve member products and services based on the P&S survey our member have completed. The roadmap defines the seven key security topics that are within scope, as well as the efforts to continue to mature operational processes as the organization grows.

Go to our **Products and Services Roadmap** page on the **Member Portal** to see the infographic explaining the P&S Roadmap. Additionally, bookmark the Roadmap Status page so you can check on our status at any point in time. Thank you for all of your input.
